

Work Uniform Policy

At SnoutTag we enforce a uniform policy for all employees.

We do this to ensure professionalism and consistency across our team. Uniforms help customers easily identify staff, promote a sense of equality and belonging among employees, and reflect the brand's image in a positive and unified way.

Our uniform policy is straightforward and flexible. This booklet provides everything you need to know to follow it with ease.

One Piece Policy

At SnoutTag we enforce a one piece policy.

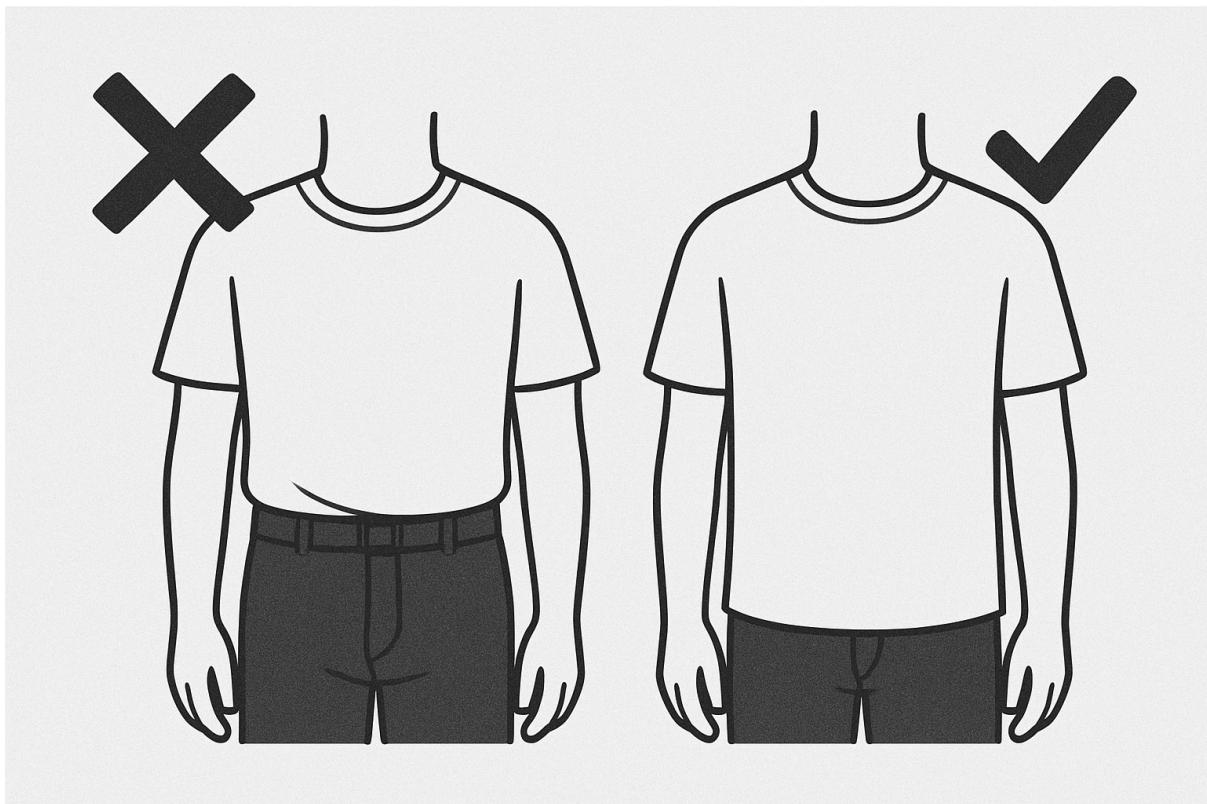

Our one piece policy means at least one piece of SnoutTag branded uniform must be worn. This can be a T-Shirt, a hoodie or sweater.

If one piece of branded clothing (with the SnoutTag logo is visible) your uniform is correct.

T-Shirts

We have a variety of colours of the SnoutTag branded T-shirts. More colours are available on the SnoutTag Uniform Store (see page xx)

The branded t-shirt must not be tucked into your trousers, joggers or shorts.

Clean Uniform

The branded uniform must be in good condition, not ripped or torn and not stained. Should any staining occur during work use a stain removal product, such as Vanish or an Oxy powder product. Do not use bleach.

Trainers and Footwear

At SnoutTag we enforce a strict footwear policy, see below for examples.

Footwear must be ALL black with no additional colours. Trainers are allowed to be worn, along with classical work shoes and boots.

Trousers, Joggers, Shorts and Skirts

While working at SnoutTag, you have the choice of wearing trousers, joggers, shorts or a skirt.

Trousers can be black or grey and can be jean style or formal, no flares please.

Joggers can be black or grey and must reach the ankles, no flares please.

Shorts can be black or grey, worn during the hotter months or personal preference. No tight fitting shorts please.

If you choose to wear a skirt, the style is personal choice, but must be black or grey and be a reasonable length.

A belt can be worn with trousers, black please.

Branded Items

While we have our own SnoutTag branded items, your uniform is permitted to contain branded items, as long you are wearing at least one piece of SnoutTag uniform. This is for brand recognition. For example, you are allowed to wear a Nike t-shirt, with a SnoutTag hoodie and a pair of Under Armor joggers.

If one piece of SnoutTag clothing is worn, you are following the correct uniform guidelines.

Company Uniform Store

We have a company uniform store, with our branded uniform items for sale. Upon opening the store, it will ask for an access code. Please ask your manager for the access code as it changes regularly.

The link for our uniform store is:
